

About Us

The Magdalen Project is an environmental and education charity inspiring exploration of sustainability, organic food production and ecological land management for people of all ages, backgrounds and abilities. Through our 132 acres of diverse natural habitats, residential accommodation, workshops and courses, we offer visitors the opportunity to develop an understanding of sustainability, and a greater responsibility towards their environment

Our 19th Century farm buildings have been imaginatively converted into a multi-purpose centre offering a range of fully equipped spaces suitable for corporate events of all shapes and sizes. We can also provide simple accommodation for up to 36 people.

Magdalen can offer a package to suit from venue hire only through to fully catered sessions with team building options all helping to create the perfect event without costing the earth.

Meetings and Conference Facilities

*For greener events that
don't cost the Earth*

www.themagdalenproject.org.uk

Greener Events

A green meeting or event incorporates environmental considerations to minimize any negative impact on the environment.

To present a positive approach to your meetings we can offer:

- Wi-Fi access for paperless meetings
- Computer projectors
- Whiteboards & Flipcharts with pens
- Homemade food from our own kitchen gardens or from local sources - minimum carbon footprint.
- Public transport available to Magdalen
- Think about including a 'make a difference' activity - great for team building yet helping with the environment.
